

## ***Technical Notification 250***

**Dated: June 4, 2020**

**Re: Test Requirements for the 2021 Qualifying Season**

The Board of Directors has approved waiving the test qualifications as of the closing date for entries for the 2021 qualifying competitions as defined in rule 1022 (A) for standard-track qualifying competitions, and (C) for synchronized skating qualifying competitions, as well as the 2020 U.S. Collegiate Figure Skating Championships. For this season only, skaters will be allowed to register at their current test level or up to two levels higher. Rule 2424 will still apply.

As an exception to rule 4201, skaters who compete one level higher than their current test level may elect to submit their protocol from a U.S. Figure Skating sanctioned qualifying competition conducted under the IJS during the 2020-21 season, where they have met the minimum passing scores as defined in rule 4202. Skaters must have met the prerequisites for the test by the date of the competition and must have competed in the applicable event at the level they are wishing to pass.

**Implementation date:** Immediate
